

# LAB 321Assignment

Type:	LongAssignment
Code:	J3.L.P0005
LOC:	350
Slot(s):	15

**Title:** Salon Nails & Beauty

## Background

Your girlfriend want to open a Salon Nails & Beauty shop online .

Complete this assignment to help her as soon as possible ☺

Reference site:<http://us-123-beauty.simplesite.com/>

## Program Specifications

Program a web site to introduce your Salon Nails & Beauty shop online, detail functions of this website is described below

### Features:

This website contains 3 main functions

- Function 1 : Home page : ( see PIC 01)
  - Display introduction entry and top 3 entry sort by published date time ,
  - Each entry contains
    - Entry name
    - Description picture
    - Entry description
- Function 2 : Prices list ( PIC 02)
  - Print out detail services prices
- Function 3 : Contact ( PIC 03)
  - Display contact information

You do not need to write interface for admin control panel, you can add data manually (use SQL SERVER Management studio).

**Note: All data must be load from database, not hard code in page, must load newest data.**

### *Expectation of User interface:*
